

2025.1 AGPT Supervisor Professional Development Program

The RACGP recognises and supports the professional development and networking of supervisors as critical to the delivery of quality general practice training.

Supervisor educational events are delivered at a regional and local level both face-to-face and online to ensure all supervisors have access to professional development. These events present an excellent opportunity to connect with your fellow supervisors and medical educators in a friendly and collegiate environment. Increasingly we will be using peer-led small group learning sessions as the basis for supervisor education as this will enable you to learn from your peers and have education that meets your needs.

All the local and regional supervisor education events for existing supervisors listed in this calendar will automatically qualify as contributing to the supervisor professional development stipend paid to the eligible training sites. Please read the [Supervisor Professional Development](#) document for more information. Attendance at the events will also attract CPD hours in addition to the hours automatically provided to supervisors. See the [CPD for General Practice Supervisors](#) document for more information

Recordings of some webinars will be available for review, However, the SPD stipend and CPD hours are only awarded for attendance at the live events and not for watching the recordings.

Eligible supervisors located in MMM3-7 practices with a current registrar may be eligible for reimbursement of travel expenses to face-to-face events. Claims may be made via the TMS, refer to the Flexible Funds policy, or contact your Training Coordinator for details.

Supervisors will receive a registration invitation outlining the planned program for each individual event closer to the date.
